

INDEX

A	ABSORBERS		G	- spur gear in Polyamide (steel hub)	175
	- anti-vibrations mounting	466		- spur gears MIN (grinded teeth)	138
	- shock absorbers	305		- worm and worm wheel	180-204
B	BACKSTOPS	160		GEARBOXES	
	BEARINGS			- right angle with bevel gears	523
	- ball bearings	139		- right angle (sliding and rotating)	534
	- ball bearings - miniature	596		- right angle (light duty)	601
	- plastic flange and pillow blocks	139		- right angle (miniature)	604
	- Stainless steel flange and pillow blocks	127		GUIDES	
	- flange and pillow blocks	124		- belt and chain guides	495
	- self lubricating bearings	169		- guides for conveyer	66
	- spherical plain bearings	153		- modular linear guides	241
	BELTS			- guideway bars and racks (flat/vee)	214
	- timing belts	98	H	HUBS	
	- V-belts	68		See bushes and collars	
	- detachable Vee-belts. Releasable Vee-belts	80	J	JOINTS	
	- variator belts	518		- universal joints : see cardans	
	- Alignement tools	96		- angle (ball) joints	153
	BOOTS		K	KEYS BARS	574
	- rubber boot for cardan	412	L	LINEAR SYSTEMS	
	BUSHES			- screw jacks (trapez. or ball-screw)	266
	- keyless bushes (Trantorque)	575		- lifting units with racks ELR and ELC	27
	- Taper Lock bushes	579		- linear drives «UHING»	296
	- timing bushes	571		- linear heads	293
	BRUSHES	210		LIMITERS : see TORQUE LIMITERS	
C	CAMS	593-596	M	MATERIALS	
	CARDANS			- standard material NO FRIX	479
	- propeller shafts (car industry)	417		- for high temperatures	506
	- universal joints	408-594		MINIATURE COMPONENTS	594
	CHAINS (Roller chains)			MOTORS	
	- bicycle chains and sprockets	13		- AC and DC motors	508
	- hollow pin chains	36-39-41		- mini motors	543
	- miniature roller chains	29		MOTOR-BASES (tensioning)	474
	- plastic chains	16-30	N	NUTS	
	- standard BS and ANSI chains	9		- ball screw nuts	229
	- stainless steel chains	15		- trapezoidal nuts	226
	CHAINS (Conveyor chains)		O	OSCILLATING MOUNTINGS	458
	- flat top chains (steel-plastic)	48	P	PLASTIC COMPONENT	470
	- flow conveyor chains	46		PULLEYS	
	- leaf chains	40		- for belt-variator	515
	- light duty chain (ISO 55)	39		- for timing belts (CTB-HTD-PGGT...)	113
	- metric conveyor chains	41		- for V-belts (plain hubs)	91
	- plastic cardan chains	52		- for V-belts (with taper-bushes) «VTP»	86
	- roller chains with attachments	33		- for tensioning	94
	- rotary chains	10		- for centrifugal clutches	446
	- rubber top chains	35		- for Torque limiters	443
	- silent chains	17	R	RACKS	
	CHAINS : Tools for (un)mounting			- standard racks	208
	- chain breaker	17		- precision racks	212
	- chain pullers	17		- with guideways (Flat or Vee)	214
	CLEVIS (YOKES)	590		RATCHETS AND PAWLS	166
	CLUTCHES			REDUCERS	
	- centrifugal clutches	446		- low backlash worm reducers	547
	- centrifugal powder couplings	450		- miniature reducers	604
	COLLARS			- planetary reducers	536-541
	- locking assemblies	56		- precision reducers	545
	- simple and double collars	572		- gear reducer (Stiebel)	561
	- spline collars	422		ROD ENDS	
	COUPLINGS			- K and E rod ends	153
	- elastic or not couplings :	321-361		- elastic rod ends (Rosta)	461
	- marine couplings	405		ROLLERS	214-241
	- miniature couplings	596		ROLLING RING DRIVES Uhing	296
	- torque limiter-couplings	434-440-443		ROSTA rubber elements	454
D	DEPHASING SYSTEMS	592	S	SCREW	
F	FREE WHEELS	139		- high speed translation screw	235
G	GEARS			- ball screws for transport	234
	- bevel gears (straight teeth)	197		- precision screw (trapez.and ball-screws)	226
	- bevel gears (helical teeth))	193		- screw jacks (trapez. or ball-screw)	266
	- bevel gears (spiral teeth)	194			
	- elliptic gears	205			
	- helical gears	193			
	- miniature gears (bevel -spur)	168			
	- plastic gears (bevel - spur)	200			
	- spur gears (standard)	177
